

ENHANCEMENTS

This page is dedicated to items that Randall Gallery makes available for rent. We are pleased to offer this service to our clients. Many of our enhancements are provided at a more reasonable price than an outside source in addition to the ease of allowing Randall Gallery to provide this service.

FOR THE DINING AREA

Sculpture Centerpieces

Wire Sculptures (one per dinner table) Price \$10.00 per sculpture

Floral Sculptures (one per dinner table) Price \$20.00 per sculpture

Allow us to provide an original work of art as a centerpiece for each of your dinner tables. This will save you thousands of dollars in place of floral centerpieces.

The *wire sculpture centerpieces* are original works of art by the local artist Carol Horstman. Each centerpiece is different, and averages approximately 2 feet in height, which compliments the height of the ceilings in the gallery. Because they are made of wire, they can be seen through easily; allowing your dinner guests to have an unobstructed view of one another. The wire sculptures were sculpted to resemble subjects such as: flowers, ballerinas, various animal figures, various human figures, etc.
